VOLUME 23, 1976

CONTENTS

VOLUME 23, NUMBER 1

JANUARY 1976

A Study of Anaesthesia Depth by Power Spectral Analysis of the Electro-encephalogram J.L. BEREZOWSKYJ, J.A. McEWEN, G.B. ANDERSON AND L.C. JENKINS	1
Complications of Radial Artery Lines in the Paediatric Patient KATSUYUKI MIYASAKA, J.F. EDMONDS AND A.W. CONN	9
Patterns of Total and Ionized Calcium and Other Electrolytes in Plasma During and After General Surgery R. RODRIGUEZ, R.R. JONES, M.A. ADSON AND E.A. MOFFITT	15
Lorazepam as a Premedication G. GALE AND S. GALLOON	22
Alphadione (Althesin®): A New Induction Agent M.G. SOLIMAN AND G.F. BRINDLE	30
Studies on Fazadinium Bromide (AH8165); A New Non-Depolarizing Neuromuscular Blocking Agent R. HUGHES, J.P. PAYNE AND N. SUGAI	36
The Effects of Furosemide on Renal Blood Flow and Cortical Perfusion During Methoxyflurane and Halothane Anaesthesia KENNETH M. LEIGHTON, CAROLINE BRUCE AND RICHARD MACHIN	48
The Effects of Morphine and Halothane Anaesthesia on Urine Norepinephrine During Surgery for Congenital Heart Disease THEODORE H. STANLEY, WEN-SHIN LIU AND GEORGE D. LATHROP	58
A Comparison of the Effects of Halothane and Other Anaesthetic Agents on Hepatocellular Function in Patients Submitted to Elective Operations B. KALOW, E. ROGOMAN AND F.H. SIMS	71
Duration of Action of Neostigmine in Man CASEY D. BLITT, B.J. MOON AND C. DEAN KARTCHNER	80
An Evaluation of Three New Blood-Gas Analyzer Systems B. VINET	85
The Effects of Atropine on the Heart Rate ANTONIO BOBA	92
Letter to the Editor	99
Obituary - DR. M. DICBY LEIGH	100
Book Reviews	101
Meetings	104
Canadian Anaesthetists' Society Prize	106
Canadian Anaesthetists' Society Annual Meeting	108

The Effects of Age on Baroreceptor Reflex Function in Man PETER C. DUKE, JOHN G. WADE, ROBERT F. HICKEY, AND C. PHILIP LARSON	111
Some Characteristics of Neuromuscular Block in the Respiratory Musculature in Anaesthetized Man CHINGMUH LEE	125
Magill Circuit and Controlled Ventilation M.O. OBIAYA AND P. DAKARAJU	135
Control, Monitor and Alarm System for Clinical Application of a Membrane Oxygenator J. DUFFIN, B. MARTIN, AND J.D. COOPER	143
Carbon Dioxide Output in Anaesthesia J.A. BAIN AND W.E. SPOEREL	153
Alphathesin, a New Steroid Anaesthetic Agent JEAN-PAUL DECHÊNE	163
The Reduction of Coma Time in Lipophilic Drug Overdose Using Castor Oil M. J. DIAMOND, V. S. BROWNSTONE, G. ERCEG, H. KIERSZEWICZ, AND M. KEERI-SZANTO	170
Dobutamine and General Anaesthesia: A Study of the Response of Arterial Pressure, Heart Rate and Renal Blood Flow K.M. LEIGHTON AND CAROLINE BRUCE	176
Provision of Endogenous and Exogenous Humidity for the Bain Breathing Circuit DUKE B. WEEKS	185
A Disposable Condenser Humidifier for Use During Anaesthesia DAVID J. STEWARD	191
The Results of Therapeutic Acupuncture in a Pain Clinic NORIHIRO YAMAUCHI	196
An Index of Syndromes and Their Anaesthetic Implications ANNE E.P. JONES AND D.A. PELTON	207
Bain Circuit: The Hazard of the Hidden Tube W.H. MANSELL	227
Letters to the Editor	228
Book Reviews	229
Meetings	233
Canadian Anaesthetists' Society Prize	236

NUMBER 3, MAY 1976

Papaveretum for Anaesthesia and its Comparison with Morphine. Anaesthetic Time/Dose Curves VIII	MICHAEL KEERI-SZANTO	239
A Technique for Measuring Regional Myocardial Blood Flow and its Application in Determining the Effects of Hyperventilation and Halothane	M. MARSHALL, W.G. WILLIAMS, R.E. CREIGHTON, G.A. VOLGYESI AND D.J. STEWARD	244
The Effects of Althesin and Thiopentone on Sympathetic and Baroreflex Activity	J.E. MacKENZIE, J.C. McGRATH, J.-P. TETRAULT AND R.A. MILLAR	252
Screening of Malignant Hyperthermia Susceptible Families by Creatine Phosphokinase Measurement and Other Clinical Investigations	BEVERLEY A. BRITT, LASZLO ENDRENYI, PEARL L. PETERS, FRANCIS H.-F. KWONG AND LJILJANA KADIJEVIC	263
Acute Febrile Reaction Complicating Spinal Anaesthesia in a Survivor of Malignant Hyperthermia	JONATHAN D. KATZ AND LEONARD B. KRICH	285
Radioimmunoassay of Antidiuretic Hormone During Morphine Anaesthesia	DANIEL M. PHILBIN, NORMAN E. WILSON, JOHN SOKOLOSKI AND CECIL H. COGGINS	290
The Effects of Large Doses of Fentanyl and Fentanyl with Nitrous Oxide on Renal Function in the Dog	ARUN V. BIDWAI, WEN-SHIN LIU, THEODORE H. STANLEY, VANAMALA BIDWAI, EDWARD A. LOESER AND C. LYNN SHAW	296
Treatment of Low Back Pain with Acupuncture	GERALD EDELIST, ALLAN E. GROSS AND FREDERICK LANGER	303
Inhibition of the Cardiovascular Effects of Acupuncture (Moxibustion) by Propranolol in Dogs During Halothane Anaesthesia	D.C. LEE, M.O. LEE, D.H. CLIFFORD AND L.E. MORRIS	307
Anaphylaxis to Thiopentone: A Case Report	DAVID C.W. CHUNG	319
Doppler Determined Blood Pressure Recordings: The Effect of Varying Cuff Sizes in Children	GARY E. HILL AND RICHARD H. MACHIN	323
Inadvertent Increase in Inspired Oxygen Concentration Due to Defect in Ventilator Bellows	JOHN LONGMUIR AND DOUGLAS B. CRAIG	327
Airway Obstruction With Cuffed Flexometallic Tracheal Tubes	R. BACHAND AND G. FORTIN	330
Letters to the Editor		334
Obituary		337
Book Reviews		338
Meetings		341
Canadian Anaesthetists' Society Prize		343

Systems of Measurement: Their Development and Use in Medicine	JOHN L. OULTON	345
Cardiac Arrests in the Operating Room: I	MAX MINUCK	357
Pain as a Major Cause of Postoperative Nausea	R. ANDERSEN AND K. KROHG	366
Recovery of Ventilatory Response to Carbon Dioxide after Thiopentone, Morphine and Fentanyl in Man	J.R.A. RIGG AND C.H. GOLDSMITH	370
Changes in Plasma Potassium and Calcium Levels and in the Electrocardiogram after a Single Dose of Succinylcholine Preceded by D-Tubocurarine	W. EVERS, G.B. RACZ AND A.A. LEVY	383
The Cardiovascular Effects of Diazepam and of Diazepam and Pancuronium During Fentanyl and Oxygen Anaesthesia	WEN-SHIN LIU, ARUN V. BIDWAI, THEODORE H. STANLEY, EDWARD A. LOESER AND VANAMALA BIDWAI	395
Pulmonary Resistance and Methods of Humidification in Acute Pulmonary Failure	M.D. COOKE AND H.B. FAIRLEY	404
A Comparison of Eleven General Anaesthetics Administered with 7.5 Per Cent Carbon Dioxide During Spontaneous Breathing	ALLEN B. DOBKIN, PETER H. BYLES, BENJAMIN F. AFRICA AND ASHLEY A. LEVY	408
Anaesthesia for Separation of Conjoined Twins	L. FOURNIER, C. GOULET, R. WAUGH AND R. CHOUINARD	425
Spontaneous Breathing with the Bain Circuit at Low Flow Rates: A Case Report	W.H. MANSELL	432
An Unusual Complication after Stellate Ganglion Block by the Paratracheal Approach: A Case Report	J.B. FORREST	435
Paraplegia Following Transurethral Surgery: A Case Report	Y. DESNOYERS, L. BISSON AND A. SINDON	440
Letters to the Editor		443
Book Reviews		444
Obituary		445
Meetings		446

NUMBER 5, SEPTEMBER 1976

Components of Respiratory Depression After Narcotic Premedication in Adolescents	R. KNILL, J.F. COSGROVE, P.M. OLLEY AND H. LEVISON	449
Comparison of Etidocaine and Lidocaine for Obstetrical Analgesia	GERALD EDELIST AND ELIZABETH PERERA	459
Toxicity Following Methoxyflurane Anaesthesia IV. The Role of Obesity and the Effect of Low Dose Anaesthesia on Fluoride Metabolism and Renal Function	ROBERT G. MERIN, PAUL N. SAMUELSON, DONALD R. TAVES, RICHARD B. FREEMAN, JOSE F. CALIMLIM, AND TERUO KUMAZAWA	465
The Toxicity of Sodium Nitroprusside	LEILA GREISS, N.A.G. TREMBLAY, AND D.W. DAVIES	480
Effect of Anaesthesia and Surgery on Blood Sugar and Carbohydrate Tolerance in African Children	DOROTHY J.O. FOULKES-CRABBE AND THOMAS O. JOHNSON	486
Etomidate: Effets Cardio-vasculaires Du Nouvel Agent Anesthésique Intra-veineux	K. RIFAT, Z. GAMULIN, ET M. GEMPERLE	492
Enflurane and Isoflurane: A Comparison With Nine General Anaesthetics Administered With Passive Hyperventilation	ALLEN B. DOBKIN, PETER H. BYLES, BENJAMIN F. AFRICA, AND ASHLEY A. LEVY	505
Ten Cases of Malignant Hyperthermia in Norway	J. STOVNER, K.R. INNES, AND A. HOLEN	518
Neuromuscular Block by Neomycin in the Cat	C. LEE, DENNIS CHEN, A. BARNES, AND R.L. KATZ	527
The Inflation-Catheter Technique of Ventilation During Laryngoscopy	JOHN S. GILICK	534
Contamination and Resterilization of the Bain Circuit	A.C. ENRIGHT, R.L. MOORE, AND F.L. PARNEY	545
A Latex Bag Tonometer for Determining the Anaesthetic Blood/Gas Partition Coefficient	ALFRED FEINGOLD, DUNCAN A. HOLADAY, AND PATRICK WALTHER	550
Letters to the Editor		555
Book Reviews		557
Meetings		558

- Anticholinergic Premedication
KENNETH M. LEIGHTON AND HARVEY D. SANDERS 563
- Cardiac Effects of Succinylcholine and Succinylmonocholine
AKITO OHMURA, K.C. WONG, AND LYNN SHAW 567
- Experiences with Physostigmine in the Reversal of Adverse
Post-Anaesthetic Effects JOHN BREBNER AND L. HADLEY 574
- Physostigmine as an Adjuvant to Neuroleptanaesthesia in Neurosurgical
Procedures DOROTHY E.A. THOMPSON 582
- Anaesthesia Time/Dose Curves IX: The Use of Hydromorphone in Surgical
Anaesthesia and Post-operative Pain Relief Compared to Morphine
MICHAEL KEERI-SZANTO 587
- Butorphanol Tartrate: I. Safety and Efficacy in Multidose Control of
Post-operative Pain
ALLEN B. DOBKIN, BENJAMIN F. AFRICA, ROBERT J. NOVECK,
FRANK S. CARUSO, BARBARA ESPOSITO AND JUDITH SIMONDS 596
- Butorphanol Tartrate: 2. Safety and Efficacy in Balanced Anaesthesia
ALLEN B. DOBKIN, HERNANDO Y. ARANDIA, PETER H. BYLES,
BENJAMIN F. AFRICA, FRANK S. CARUSO AND ROBERT J. NOVECK 601
- Une nouvelle voie d'abord de la veine jugulaire interne
MARCEL BOULANGER, ERIC DELVA,
JEAN-GUY MAILLÉ ET BERNARD PAIEMENT 609
- The Use of Procaine in Acquired Malignant Hyperthermia in a Patient with
Malignant Melanoma Metastatic to the Parathyroid Gland: A Case Report
HERMAN BORDEN, GEORGE J. HUMMER,
CHARLES W. LANDON AND JAMIE PARIS 616
- The Adenosine Triphosphate (ATP) Depletion Test: Comparison with the
Caffeine Contracture Test as a Method of Diagnosing Malignant
Hyperthermia Susceptibility BEVERLEY A. BRITT, LASZLO ENDRENYI,
WERNER KALOW AND PEARL L. PETERS 624
- Awareness and Dreams During General Anaesthesia for Caesarian Section
C.E. FAMEWO 636
- Urinary Morphine Excretion During and After Morphine Anaesthesia for
Open-Heart Surgery in Children
THEODORE H. STANLEY AND GEORGE D. LATHROP 640
- Diazepam-Ketamine Anaesthesia for Open-Heart Surgery: A "Micro-Mini"
Drip Administration Technique
SHIGERU HATANO, DONAL M. KEANE, ROY E. BOGGS,
MOUSTAFA A. EL-NAGGAR AND MAX S. SADOVE 648

CONTENTS	707
Normocapnic Ventilation Using the Circle System	A.J.C. DE SILVA 657
The President, Dr. J.H. Feindel	667
Canadian Anaesthetists' Society Prize, 1976	669
1976 Annual Meeting – Residents' Programme Prizes	670
Letters to the Editor:	
Misadventure with a Boyle's Gas Machine, John Longmuir and Douglas Craig	671
Bain Circuit, Michael Keeri-Szanto	673
Book Reviews	676
Meetings	678
Index of Authors	683
Index of Subjects	687
Table of Contents, Volume 23	701

INDEX OF SUBJECTS

- Acid-base equilibrium
 alkalosis, respiratory: determination of effects of, by measuring myocardial blood flow (Marshall, *et al.*), 244; enflurane and isoflurane with nine general anaesthetics administered with passive hyperventilation (Dobkin, *et al.*), 505
- Acupuncture
 inhibition of cardiovascular effects of, by propranolol in dogs during halothane anaesthesia (Lee, *et al.*), 307
 therapeutic, in a pain clinic (Yamauchi), 307
 treatment of low back pain with (Edelist, Gross, & Langer), 303; (Spoerel, Letter to Editor), 556
- Adenosine triphosphate, see Metabolism
- ADH, see Hormones, antidiuretic
- Age factors
 effects of age on baroreceptor reflex function in man (Duke, *et al.*), 111
- AH 8165, see Neuromuscular blocking agents
- Airway
 obstruction with cuffed flexometallic tracheal tubes (Bachand & Fortin), 330
 resistance, and methods of humidification in acute pulmonary failure (Cook & Fairley), 404
- Allergy
 anaphylaxis to thiopentone: a case report (Chung), 319
- Alphadione, see Anaesthetics, intravenous, steroid
- Alphaprodine, see Analgesics, narcotic
- Alphathesin, see Anaesthetics, intravenous, steroid
- Althesin(R) (Alphadione), see Anaesthetics, intravenous, steroid
- Anaesthesia
 and surgery in African children, effect on blood sugar and carbohydrate tolerance (Ffoulkes-Grabbe & Johnson), 486
 balanced, safety and efficacy of butorphanol tartrate in (Dobkin, *et al.*), 601
 carbon dioxide output in (Bain & Spoerel), 153
 depth
 awareness and dreams during general anaesthesia for Caesarian section (Famewo), 636; (Wyant, Letter to Editor), 336; (Persaud, Letter to Editor), 555
 a study of, by power spectral analysis of the EEG (Berezowsky), 1
 disposable condenser humidifier for use during (Steward), 191
 effects of furosemide on renal blood flow and cortical perfusion during methoxyflurane and halothane (Leighton, Bruce, & Machin), 48
 effects of morphine and halothane anaesthesia on urine norepinephrine during surgery for congenital heart disease (Stanley, Liu, & Lathrop), 58
 for separation of conjoined twins (Fournier, *et al.*), 425
 general anaesthetics, eleven, compared, administered with 7.5 per cent carbon dioxide during spontaneous breathing (Dobkin, *et al.*), 408
 induction, with alphadione (Althesin(R)), a new agent (Soliman & Brindle), 30
 low dose and obesity, effect on fluoride metabolism and renal function (Samuelson, *et al.*), 465
 obstetric: comparison of etidocaine and lidocaine for (Edelist & Perera), 459
 general anaesthesia for Caesarian section, awareness and dreams during (Famewo), 636
 paediatric: complications of radial artery lines in (Miyasaka, Edmonds & Conn), 9
 effect of anaesthesia and surgery on blood sugar and carbohydrate tolerance in African children (Ffoulkes-Crabbe & Johnson), 486
 papaveretum for anaesthesia and its comparison with morphine anaesthetic time/dose curves viii (Keeri-Szanto), 239
 post-anaesthesia adverse effects, reversal with physostigmine (Brebner & Hadley), 574
 premedication with lorazepam (Gale & Galloon), 22
 syndromes and their anaesthetic implications (Jones & Pelton), 207
 time/dose curves: viii: papaveretum for anaesthesia and its comparison with morphine (Keeri-Szanto), 239; ix: use of hydromorphone in surgical anaesthesia and postoperative pain relief in comparison to morphine (Keeri-Szanto), 587
 Anaesthetic systems, see Equipment, anaesthesia machines

Anaesthetic techniques

- hypotension, induced, toxicity of sodium nitroprusside (Greiss, Tremblay, & Davies), 480
- intravenous, dobutamine and general anaesthesia, study of response of arterial blood pressure, heart rate and renal blood flow (Leighton & Bruce), 176
- "micro-mini" drip administration of diazepam-ketamine anaesthesia for open heart surgery (Hatano, *et al.*), 648
- neuroleptanaesthesia, physostigmine as an adjuvant to, in neurosurgical procedures (Thompson), 582
- regional; spinal, acute febrile reaction complicating, in a survivor of malignant hyperthermia (Katz & Krich), 285; stellate ganglion block by paratracheal approach, unusual complication following (Forrest), 435

Anaesthetics, gases

- complication of ducting to atmosphere (Davies & Tarnawsky, Letter to Editor), 228
- eleven general anaesthetics administered with 7.5 per cent carbon dioxide during spontaneous breathing (Dobkin, *et al.*), 408
- humidification of (Steward), 191
- nitrous oxide and fentanyl, effects on renal function in the dog (Bidwai, *et al.*), 296
- nitrous oxide and halothane, comparison of effects in hepato-cellular function in surgical patients (Kalow, Rogoman, & Sims), 71
- oxygen and fentanyl anaesthesia, cardiovascular effects of diazepam and pancuronium during (Liu, *et al.*), 395

Anaesthetics, intravenous

- etomidate, effects on cardiovascular system (Rifat, Gamulin, & Gemperle), 492
- fentanyl, effect of large doses of, and fentanyl with nitrous oxide on renal function in the dog (Bidwai, *et al.*), 296; in man, recovery of ventilatory response to carbon dioxide after (Rigg & Goldsmith), 370; with oxygen, cardiovascular effects of diazepam and pancuronium during (Liu, *et al.*), 395
- ketamine, with diazepam, for open-heart surgery (Hatano, *et al.*), 648
- morphine: effect on urine norepinephrine during surgery for congenital heart disease (Stanley, Liu & Lathrop), 58; for open-heart surgery in chil-

dren, urinary morphine excretion (Stanley & Lathrop), 640; in man, recovery of ventilatory response to carbon dioxide after (Rigg & Goldsmith), 370; radioimmunoassay of antidiuretic hormone during (Philbin, *et al.*), 290

papaveretum for anaesthesia and its comparison with morphine, anaesthetic time/dose curves viii (Keeri-Szanto), 239

steroid: alphadione (althesin®), a new induction agent (Soliman & Brindle), 30; alphathesin (Dechêne), 163; effects of, 167, pharmacology, 163; althesin, effect on sympathetic and baroreflex activity (MacKenzie, *et al.*), 252

thiopentone; anaphylaxis to, case report (Chung), 319; effects on sympathetic and baroreflex activity (MacKenzie, *et al.*), 252; in man, recovery of ventilatory response to carbon-dioxide after (Rigg & Goldsmith), 370

Anaesthetics, local

etidocaine and lidocaine compared, for obstetrical analgesia (Edelist & Perera), 459

lidocaine and etidocaine compared for obstetrical analgesia (Edelist & Perera), 459

procaine in treatment of malignant hyperthermia, 523

procaine, use of in acquired malignant hyperthermia in a patient with malignant melanoma metastatic to the parathyroid gland (Borden, *et al.*), 616

Anaesthetics, volatile

enflurane: and isoflurane administered with passive hyperventilation, comparison with nine general anaesthetics (Dobkin, *et al.*), 505; metabolic and physiological effects of, when administered with carbon dioxide during spontaneous breathing (Dobkin, *et al.*), 408

general anaesthetics: administered with 7.5 per cent carbon dioxide during spontaneous breathing (Dobkin, *et al.*), 408; compared with isoflurane and enflurane administered with passive hyperventilation (Dobkin, *et al.*), 505

isoflurane: and enflurane administered with passive hyperventilation, comparison with nine general anaesthetics (Dobkin, *et al.*), 505; metabolic and physiological effects of, when administered with carbon dioxide

- during spontaneous breathing (Dobkin, *et al.*), 408
- halothane: 177; and methoxyflurane, compared with other anaesthetic agents, effects on hepato-cellular function in surgical patients (Kalow, Rogoman & Sims), 71; effect on urine norepinephrine during surgery for congenital heart disease (Stanley, Liu, & Lathrop), 58; effects, determined by measuring regional myocardial blood flow (Marshall, *et al.*), 244; effects of furosemide on renal blood flow and cortical perfusion during halothane anaesthesia (Leighton, Bruce & Machin), 48; in dogs, inhibition of cardiovascular effects of acupuncture (Moxibustion) by propranolol (Lee, *et al.*), 307
- methoxyflurane; effects of furosemide on renal blood flow and cortical perfusion during methoxyflurane anaesthesia (Leighton, Bruce, & Machin), 48; toxicity following, role of obesity and low-dose anaesthesia on fluoride metabolism and renal function (Samuelson, *et al.*), 465
- Analgesics, narcotic
- alaphrodine, 177
- butorphanol tartrate: safety and efficacy in balanced anaesthesia (Dobkin, *et al.*), 601; safety and efficacy in multidose control of postoperative pain (Dobkin, *et al.*), 596
- hydromorphone compared with morphine in surgical anaesthesia and post-operative pain relief (Keeri-Szanto), 587
- morphine: compared with hydromorphone in surgical anaesthesia and post-operative pain relief (Keeri-Szanto), 587; for anaesthesia compared with papaveretum, time/dose curves viii (Keeri-Szanto), 239
- papaveretum, for anaesthesia and its comparison with morphine, time/dose curves viii (Keeri-Szanto), 239
- respiratory depression after narcotic premedication in adolescents (Knill), 449
- Anaphylaxis, see Allergy
- Antagonists, neuromuscular relaxants
- anticholinergic premedication (Leighton & Sanders), 563
- neostigmine, duration of action in man (Blitt, Moon, & Karchner), 80
- physostigmine: as an adjunct to neuroleptanaesthesia in neurosurgical procedures (Thompson), 582; in the reversal of adverse post-anaesthetic effects (Brebner & Hadley), 574
- Antibiotics
- neomycin, neuromuscular block in the cat by (Lee, *et al.*), 527
- Anticholinesterases, see Antagonists, neuromuscular relaxants
- Apparatus, see Equipment
- Arteries
- cardiovascular effects of etomidate (Rifat, Gamulin, & Gemperle), 492
- radial, complications of insertion of line in paediatric patient (Miyasaka, Edmonds & Conn), 9
- ATP, see Metabolism
- Atropine, see Parasympathetic nervous system
- Premedication
- Awareness, see Anaesthesia, depth
- Baroreceptors, see Receptors, pressoreceptors
- Blood
- gas analysis, evaluation of three new analyser systems (Vinet), 85
- plasma: patterns of total and ionized calcium and other electrolytes in, during and after general surgery (Rodriguez), 15; potassium and calcium levels, changes after a single dose of succinylcholine preceded by d-tubocurarine (Evers, Racz & Levy), 383
- serum creatine phosphokinase measurement for screening malignant hyperthermia susceptible families (Britt, *et al.*), 263
- Blood flow, renal blood flow and cortical perfusion during methoxyflurane and halothane anaesthesia, effects of furosemide on (Leighton, Bruce, & Machin), 48
- Blood pressure
- effect of dobutamine and general anaesthesia on (Leighton & Bruce), 176
- measurement by Doppler technique, effect of varying cuff sizes in children (Hill & Machin), 323
- Blood sugar, effect of anaesthesia and surgery on, in African children (Ffoulkes-Grabbe & Johnson), 486
